Chuir sé sin srian ciotach ar an méid cleachtadh a bhfuair na ndaltaí. I mbliana ceannóimid ardáin agus súil again go nglanfar na bhfiacha ar thar cupla bliain

*We are very grateful to the parents association who are helping the school purchase a stage. Up to now we have been dependant on a loan of a stage from Holy Cross School. This limited greatly the amount of practice we could do. We hope to install the stage a week before the concerts and give the pupils a chance to practice for their shows for the week previous.*

If you have any ideas contact any member of the green schools committee.

## Ailtirí Ceaptha -Tuairimí Uainn Architects Appointed - Opinions to be Sought

Tá Bord Bainistíochta na scoile ag fanacht le dhá bhliain anuas le foireann dearadh a bheith ceaptha ag an Roinn Oideachis is Eolaíochta. Gan on ghníomhú ón Roinn táimid tar éis iarraidh ar d**hbArchitects**, Port Láirge, cuidiú linn ár bplean agus dearadh féin a cheapadh. Beifear ag tosnú próiséis chomhairliúcháin le tuistí agus daltaí maidir le riachtanaisí agus éilimh a aithint. Beidh fáilte roimh aiseolas ó gach clann.

Táimid thar a bheith bhuíoch do **dhbArchitects** atá sásta cabhrú linn ag an staid seo d'ár dtionscnamh gan táillí a ghearradh orainn. Tá súil acu dréachtphlean a bheith réidh le cur faoi bhráid na húdaráis pleanála roimh deireadh an Earraigh.

Éascóidh an obair seo an mórthionscnamh tógála nuair a thabharfaí cead dó amach anseo. Ní foláir go brúfaí ar aghaidh le tógáil scoileanna sa Trá Mhór. Is fada an fanacht atá déanta cheana againn.

*The BOM having waited two years for the appointment of a design team by the DES, have decided to*

*draw up its own plan for a permanent building for Gaelscoil Philib Barún.*

*dhbArchitects, Broad Street, Waterford, have agreed to help the school in this project and will engage parents and pupils in a brainstorming exercise to ascertain what we want. All parents and pupils are welcome to contribute to this process. It is hoped to have a design ready for presentation to planning authorities early next year. When funding is eventually made available we hope to progress quicker through the labyrinth of stages in the school building process.*

*dhbArchitects are fully aware of our frustrations in progressing this project and have offered their expertise for this initial phase on a no fee basis. The Board hopes that this initiative will kick start a school building programme so badly needed in Tramore.*
